

PLEASE HELP US

# CLEAR OUT THE SHELTER!

Renovations and new floors mean  
stinky smells and scary noises, oh no!

Please help us get as many pets adopted as possible before April 20th!

With more than 150 companion animals in care as of April 1st,  
and plans to install new flooring and complete  
much-needed renovations soon, we need your help!

If you have ever considered adopting  
a new forever fur-friend, now is the time!

We would like to complete as many adoptions as possible by April 30th  
so that these pets do not have to smell the epoxy and hear the loud noises  
that will come with the much-needed renovations we need to complete.

THIS STINKS!  
PLEASE HELP  
GET US OUT!
