You can be the difference to animals who need you.

Every year, we rely heavily on the Walk to support our medical care fund: to give each animal a medical exam, vaccinations, testing, blood work, medications, spaying and neutering, and other veterinary care as needed.

We also use this fund to provide low-cost vaccination and microchipping clinics to community members.

Pet relinquishment continues to be on the rise due to economic factors, and costs for food, supplies and veterinary care have also increased over the last year.

Our goal is to raise \$60,000. Will you help us help them?
